

The Silicon Valley Climate Protection Task Force

**A Project of Joint Venture:
Silicon Valley Network**

Mary Tucker
City of San Jose, CA

About Joint Venture

- Public-Private Partnership
- Founded 1993
- Focused on economic development and quality of life
- Action-oriented
- Funded by board members and local governments
- Issue annual Index of Silicon Valley

Local Government Members of the Task Force

- Atherton
- Belmont
- Brisbane
- Burlingame
- Campbell
- Colma
- Cupertino
- Daly City
- East Palo Alto
- Foster City
- Fremont
- Gilroy
- Half Moon Bay
- Hillsborough
- Los Altos
- Los Altos Hills
- Los Gatos
- Menlo Park
- Millbrae
- Milpitas
- Monte Sereno
- Morgan Hill
- Mountain View
- Newark
- Pacifica
- Portola Valley
- Palo Alto
- Redwood City
- San Bruno
- San Carlos
- San Jose
- San Mateo
- Santa Clara
- Santa Cruz
- Saratoga
- South San Francisco
- Sunnyvale
- Union City
- Woodside
- San Mateo County
- Santa Clara County

Plus...

- Santa Clara Valley Water District
- South Bayside Waste Management Authority
- Bay Area Air Quality Management District
- League of California Cities, Peninsula
- SunPower Corporation
- Pacific Gas & Electric Company
- Sustainable Silicon Valley
- International Council for Local Environmental Initiatives (ICLEI)

Task Force Charter

To develop effective, collaborative, solutions for the reduction of greenhouse gas emissions from public agency operations, by providing a neutral forum for city and county government agencies and special districts to learn from each other and from others about climate protection programs.

Task Force Goals

- Accelerate the reduction of greenhouse gas emissions by public agencies.
- Use demand aggregation to conserve scarce public resources.
- Encourage and support the growth of the clean technology industry.
- Provide leadership for the region and the world.

Action Plan

1. Conduct inventories
2. Develop vision, set goals
3. Identify opportunities
4. Analyze solutions
5. Weigh in on public policy issues
6. Form procurement pool, issue RFPs
7. Pilot solutions, share experiences
8. Track and report progress toward goals

Accomplishments to Date

- 20 cities and counties participated in the first workshops to prepare community-wide inventories. ICLEI and the BAAQMD provided the data and analytical software.
- Negotiated fee of \$260,000 for ICLEI and Sustainable Silicon Valley to conduct inventories of city and county operations for 20 entities (\$13,000 each - about ½ the normal price – plus membership fees).

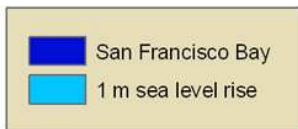

Collaborative Efforts

- Solar Power Purchasing Agreements Workshop – City of San José
- Solar 101 session
- Climate Partners Program – allow residents, local businesses to support greenhouse gas reduction projects in their own communities.
- Climate Change & General Plans

SAN JOSE'S GREEN VISION

San Francisco Bay Scenarios for Sea Level Rise South Bay

Map is based on USGS 2m DSM and National Agriculture Imagery Program data. Map is illustrative and depicts a potential inundation scenario in 2100. Limitations in the geospatial data available may effect accuracy. Map should not be used for planning purposes.

Doing Good and Doing Well

- Identify new public sector resources
- Reduce greenhouse gas emissions
- Stimulate the economy

The man who gets the most satisfactory results is not always the man with the most brilliant single mind, but rather the man who can best coordinate the brains and talents of his associates.

W. Alton Jones
